SUMMARY

I'm a React.js developer with a Bachelor's degree, skilled in React.js, React Hooks, React Router, JavaScript, HTML, and CSS. Known for intuitive coding and fast learning, I integrate seamlessly into teams, aiming to deliver value. Additionally, I've worked on WordPress projects, adding diversity to my skill set.

SKILLS

Javascript **HTML** **CSS** **React JS** **React Hooks**

React Router

EXPERIENCE

Web Developer

Carmaltazite pvt ltd   10/2023 - 12/2023
New Delhi

- Worked in a team project, I mastered React.js componentization and React Router for seamless navigation, refining my ability to architect scalable applications and intuitive user interfaces.

PROJECTS

Fatima's Store (E-Commerce Website)

2024 - Present
I'm currently overseeing the development of a streamlined e-commerce website, designed to offer users a hassle-free shopping experience. This project involves meticulous product selection and intuitive interface design all crafted with the JavaScript library React.

yourFavtMovies

https://yourfavtmovies.netlify.app/
Featuring a scrollable movie list with search and filter options. Utilizing the React JavaScript library, the platform ensures seamless browsing and highlights my expertise in crafting user-centric solutions.

Login Page

https://github.com/aminafatima7/Javascript-Login-form
A user-friendly login page redirecting to my professional resume website upon successful login.

Drum Kit

https://github.com/aminafatima7/Javascript-Drum-Kit
A drum kit crafted using HTML, CSS, and JavaScript, showcasing interactive web development skills.

My portfolio

https://portfoliofatima.netlify.app
For a comprehensive overview of my learning and experience, please visit my meticulously crafted portfolio website.

To-Do-List

https://github.com/aminafatima7/Javascript-To-Do-List
A professional daily To-Do-List built with HTML, CSS, and JavaScript, enabling seamless task organization.

Clickable CSS

https://github.com/aminafatima7/Clickable-css
Project allowing users to click and dynamically change CSS based on their preferences. Showcasing an interactive web design. Developed solely with JavaScript.

Solve Mcq's

https://github.com/aminafatima7/Javascript-Mcqs
An interactive multiple-choice question assessment tool, enabling users to gauge their knowledge and receive instant scoring feedback.
